contents

- 1 ECONOMIC SCENARIO POST COVID 19**
- 2 WHY NO LARGE SCALE WITHDRAWAL**
- 3 RISKS INVOLVED IN RELOCATION**
- 4 RELOCATION STRATEGIES**
- 5 MOST POPULAR PLACES**

**Part 1**

# **ECONOMIC SCENARIO POST COVID 19**

- No large-scale withdrawal of foreign investment from China.
- The Ministry of Commerce conducted a survey of key foreign-invested enterprises (more than 8700 nationwide) shows that:
  - as of April 14, companies with a resumption of work rate of more than 70% accounted for 72.8% of all companies;
  - 98% of Japanese companies located in South China have resumed production;
  - 41.4% of companies are fully operational.

**Part 2**

# **WHY NO LARGE SCALE WITHDRAWAL?**

# WHY NO LARGE SCALE WITHDRAWAL OF FOREIGN INVESTMENT FROM CHINA?

Protecting foreign investment;

Stable and safe environment;

A huge domestic market with 1.4 billion people;

High quality and skilled workers;

Good infrastructure;

A mature industry supply chain;

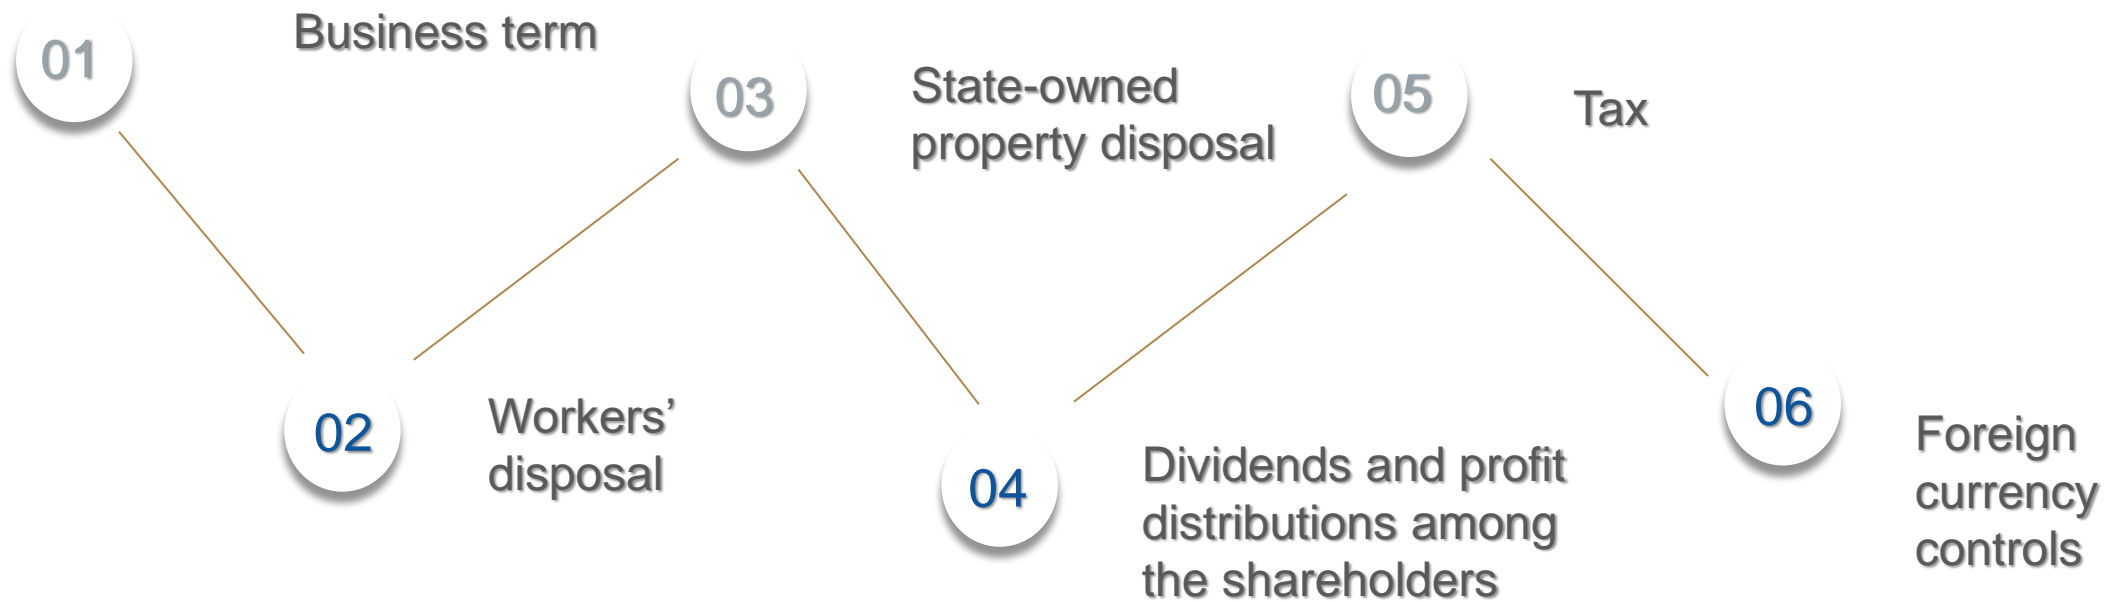

**Part 3**

# **RISKS INVOLVED IN RELOCATION**

# RISKS INVOLVED IN RELOCATION

**Part 4**

# **RELOCATION STRATEGIES**

**Balancing all factors before deciding, including economic, legal and cultural;**

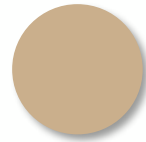

**Consulting with professional advisors about legal, tax, administrative requirements respectively in the two places.**

**Part 5**

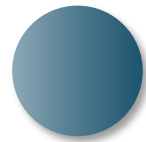

# **MOST POPULAR PLACES?**

# WHICH PART OF THE WORLD WILL BE MOST BENEFICIAL/POPULAR?

Stability and safety;

---

Friendly environment (legal,  
political and cultural);

---

Work force, infrastructure,  
industrial supply chain.
